**THE  
SECOND MILE**

**Board of Missions  
Staunton District  
The Virginia Conference  
of the United Methodist Church**

## The Second Mile Club

The formation of the Second Mile Club was approved by the District Conference in November 1973 by some far-sighted and generous Laity. These men and women saw the Second Mile Club as an opportunity for the laity throughout the district to execute a ministry of generosity in support of the Board of Missions.

When you donate to the Second Mile Club you provide funds which enable the Board of Missions to provide grants and/or no-interest loans to District churches that have building repair emergencies, need start-up cost for new program ministries, or critical needs to help with local disaster relief.

In June 1999, the Staunton District received a generous bequest from the estate of Carroll H. Palmer. His wish was the money he left the Church would go to help children and Youth grow in their faith. We accomplish this by offering scholarships for young people to attend the many District and Conference events that are offered to them. We can also help our local churches finance programs targeted to children and Youth.

With your help, both the Second Mile Club and the Palmer Bequest Legacy can sustain this
